Program Overview

Structured workplace exposure opportunities

The SkillReady Industry Exposure Program provides participants with supervised workplace exposure across real industry environments. The program is designed to support practical insight, professional confidence, and workplace readiness across multiple industries.

Participants include international students studying in Australia and emerging professionals seeking structured exposure to Australian workplace environments. The program focuses on observational and supervised industry experience only and does not represent paid employment or guaranteed job outcomes.

Supported Industries:

- Automotive
- Hospitality
- Building & Construction
- Carpentry
- Painting & Decorating
- Wall & Floor Tiling

Host Benefits

Supporting future industry professionals

Structured Support

Clear onboarding, placement coordination, and ongoing communication throughout the program.

Flexible Placements

Short-term, low-pressure placements designed around host availability and operations.

Emerging Talent

Connect with motivated international students seeking real-world industry exposure.

Low Administration

SkillReady Solutions provides verifications, coordination, inductions, and compliance support to reduce workload.

Workforce Contribution

Support future professionals while contributing to industry growth and skills development.

Future Pathways

Build early connections with potential future workers and emerging industry talent.

Host Responsibilities

Maintaining safe and compliant workplace exposure

Minimum \$10 Million AUD Public Liability Insurance
Hosts must maintain current Public Liability Insurance coverage throughout the placement period.

Safe Workplace Environment

Maintain a safe, clean, and supervised workplace environment aligned with Australian WHS standards.

Site Supervision

Assign a suitable supervisor to guide participants and provide structured workplace exposure.

WHS Compliance

Ensure workplace practices comply with applicable Work Health & Safety obligations and site procedures.

Incident Reporting

Report incidents, injuries, hazards, or near-misses to SkillReady promptly for compliance and safety management.

PPE Requirements

Provide guidance on required PPE and ensure participants follow appropriate safety expectations on site.

Respectful Workplace Conduct

Maintain a professional, respectful, and inclusive workplace free from harassment, discrimination, or unsafe behaviour.
